FORTNITE MOBILE FAQ

HOW DO I START PLAYING FORTNITE ON IOS AND IPADOS? —

XBOX CLOUD GAMING

You do **not** need an Xbox Game Pass subscription to play Fortnite through Xbox Cloud Gaming. All you need is a free Microsoft account, high-speed internet connection, and compatible device. Once you're ready, go to [Xbox.com/play](https://xbox.com/play) to start playing Fortnite in your browser with mobile touch controls or a supported controller. (See our [Fortnite Xbox Cloud Gaming FAQ](#) for more information.)

NVIDIA GEFORCE NOW

With NVIDIA's GeForce NOW service, play Fortnite through cloud streaming in your browser on iOS and iPadOS devices. GeForce NOW can be accessed for free if players choose a free GeForce NOW membership.

All GeForce NOW players can play Fortnite on mobile with touch controls. Prefer playing with a controller? You can do that too!

Get started with Fortnite on GeForce NOW by visiting NVIDIA's [Fortnite GeForce NOW mobile page](#), or learn more in our [Fortnite GeForce NOW FAQ](#).

AMAZON LUNA

With Amazon Luna, play Fortnite through cloud streaming in your browser on iOS and iPadOS devices.

Amazon Prime members can stream certain Amazon Luna games for no additional cost, including Fortnite! Not an Amazon Prime member? You can subscribe to Amazon Luna+, which includes Fortnite and a variety of other games. Amazon Luna+ is available for a monthly subscription fee, and a seven-day free trial is available.

All Amazon Luna players can play Fortnite on mobile with touch controls. Prefer playing with a controller? That's also an option!

Get started with Fortnite on Amazon Luna at the [Amazon Luna Getting Started page](#), or see our [Fortnite Amazon Luna FAQ page](#) for more information.
